FOREIGN INTELLIGENCE.

MR. GLADSTONE ON THE SITUATION. London, December 9.—Mr. Gladstone, in the course of a powerful anti-Turkish speech at the national conference yesterday, charged Lord Beaconsfield with being personally responsible for the Government's position. He declared that Ottoman supremacy should be abolished throughout the insurgent provinces. Foreign intervention he regarded as indispensable. He culogized the Czar and the Russian people, although he admitted that the bureaucracy and military party ought to be regarded with suspicion. England, in accordance with her duty and traditions, ought to loyally participate in the liberation of the East.

POWERS OF THE RUSSIAN AMBASSADOR. ST. PETERSBURGE, December 8.- In order to prevent the difficulties and delays which would result from referring questions to St. Petersburgh. Russia has given General Igna-tieff, the Russian Ambassador, large discretion at the Conference.

MINOR TELEGRAMS BY CABLE. London, December 9 .- The Standard's

Constantinople dispatch says the Turks will propose at the conference that the reforms be guaranteed by a mixed commission. It is generally thought in Constantinople that the conference will result in peace.

A dispatch from Pesth to the Standard

says authentic and positive information has been received showing that the situation is more promising.

A Vienna telegram to the Standard reports that various Bulgarian secret societies have met at Bucharest and drawn up a list of demands to be addressed to the confer-ence. It is stated that these demands are moderate, as the extreme party among the Bulgarians dislike the idea of being obliged to resort to the patronage of Russia.

A special dispatch says an allusion in a recent speech of Prince Bismarck to "those whose acts might menace Austria" is regarded at Rome as addressed directly to Italy.

The Vienna correspondent of the Daily News reports that an interview will take place on the borders of Roumania between Prince Charles and the Czarovitch. The Greek Government has declined the services of many Greek residents of Russia

who have offered through the consuls to return to Greece in order to fight against the Turks. The Turkish commanders of the Danube fortresses have been ordered to lay in eight

months' provisions. The inhabitants of Rutschuk have been called upon to receive 30.000 Asiatic troops. BUCHAREST, December 8.—The Chamber of Deputies to-day voted \$200,000 for the

maintenance of the concentrated Roumanian army until the end of this year. EIGA. December 8.—Goods traffic on the Dunaburg and Wilna railway is suspended.

LONDON, December 8.-The Anglo-American Cable Company now have direct wires between their offices in London, Manchestor, Bristol, and Liverpool under their own management and control. The weather has been exceedingly unfa-

vorable for grain crops the past week in Great Britain, and serious damage in many districts has been caused by floods and frosts. Small supplies in the interior markets have enabled growers to establish a further advance of one to two shillings per quarter on wheat. In foreign there has been a like improvement. An active demand is especially noticed for cargoes at "calling ports" and for future arrivalsespecially for California-the rates for which have advanced two shillings per steadily improved, and has been in active

The defeat by the House of Deputies of Greece of the bill for an increase of taxes having caused a dissolution of the Cabinet, an entire new Ministry has been formed, a list of which is given in another column, It appears to have been now definitely

ascertained that the renewal of the extradition treaty between the United States and Great Britain is in consequence of Lord Derby having accepted the dispatch of Secretary Fish, demonstrating that the ground taken by the British Government was untenable as a sufficient reason for receding ascertained that the renewal of the extraditenable as a sufficient reason for receding from its former demands. Preliminary proceedings have now been instituted for the opening of negotiations for a new treaty, enlarging the scope of the present one.

THE HOLIDAY RECESS .- The House adjourned to-day until Monday simply because it had no business to transact. There is an anathy on the part of Democratic members to agitate the presidential situation until after the roving committees sent to the disputed southern States shall have made their reports. It is quite probable that both houses will adjourn from Friday next put'l the 7th of January, and in the mean time the investigating committees will be instructed to be ready to report by that time.
